Stratford School Brings Joy to Older Adults

McCarthy Place residence in Stratford, Ontario, recently had a delightful visit from Anne Hathaway Public School's grade 1 & 2 students. Led by their teacher, Meghan Bracken, the students engaged residents in an interactive music program that brightened everyone's day.

The French Immersion class performed songs in both official languages, which particularly resonated with bilingual residents. The musical activities included clapping and circle songs, creating a lively atmosphere. The children also brought along books to

showcase their reading abilities to residents – everyone was very impressed!

One of the many highlights of the visit was a game of "Chat et Souris" (Cat & Mouse) using a large parachute, which brought laughter and joy to everyone involved. The students' enthusiasm and engaging presence left a lasting impression on the residents. The visit concluded with a heartwarming group performance of "Frere Jacques," sung first together and then as a round, with students starting and residents joining in.

The beautiful afternoon left many with tears of joy. The event was so successful that there are plans to make it a regular program, aiming for visits every other month starting in September as a part of McCarthy's Grand-buddies Program.

Preston Park Welcomes a "Bundle of Sunshine"

By Meghan Arnault Senior Health and Wellness Director, Preston Park I

René joined the Saskatoon community six months ago and he loves everything about **Preston Park Retirement Residence**: "I love it here! The staff are great, the food is good, and the activities are superb! Everyone needs to come out!"

He sings the residence praises with a wealth of experience to back his opinion. Thirty-three years ago, René started a lifelong career with the City of Saskatoon as a Recreation Director,

advancing to Superintendent, a position he held until retirement. He enjoyed the creativity and variation the job allowed, including operating civic centres, planning new programs, and developing new areas in the city. Given the opportunity, he would do it all over again!

René has called Saskatoon home since leaving his birth town of Tisdale at the age of 8. His childhood days were spent playing and enjoying every sport available with a favoured interest in speed skating. He later became the President of the Speed Skating Association. Following that, he became a referee and the first Canadian to be Chief Referee at the Olympics. René remembers what an honour it was to have refereed the Olympics in Calgary in 1988. He continued this adventure refereeing several World Cup Championships and World Championships.

René's active mindset, positive energy and engaging spirit are infectious! Welcome to Preston Park René!

ASC Memories from June

June was a fun-filled month at All Seniors Care Living Centres! We walked for Alzheimer's Awareness and across Canada in a national challenge, took a trip to France for Father's Day, planted gardens, and draped buildings in our national flag in the lead up to Canada Day. To see more photos and videos, please visit individual residence [Facebook pages](#) or wee more highlights on our [Instagram](#) page.

Calgary Stampede Celebrations Abound!

The festivities will include joining neighbours to watch the Stampede Parade, a western costume contest, and a rodeo watch party. Special Stampede-themed breakfasts will be served, and all activities, food, and drinks will reflect the festive western spirit. Aspen Heights residents also can enjoy an afternoon of tasting midway foods.

Everyone is encouraged to dust off their cowboy boots and hats for an unforgettable Stampede experience.

These intergenerational programs foster well-being as children and older adults exchange knowledge and skills. Residents enjoy singing, playing instruments, and getting physically active with the toddlers.

Join Our "Welcoming Friends" Program!

"Welcoming Friends" is a initiative that really has us excited! Designed to help older adults who have newly joined one of our communities feel right at home from day one, this program is all about friendship and community spirit.

Residence ambassadors – comprised of established neighbours – will form a warm committee to greet newcomers with a warm smile, a welcome gift, and a card. They'll join them for their first few meals, introduce them to other residents, and make sure they feel comfortable and connected.

And don't worry – the Health and Wellness Director at each residence will match new tenants with buddies who share similar interests so there will be plenty to talk about! Plus, our Welcoming Friends will regularly meet for coffee and chats to keep the good vibes going.

Welcome to the ASC family!
